About Aram Trading Company

Excellence in Architectural Openings & Door Solutions

Aram Trading supplies high-performance door systems in the Eastern Region of Saudi Arabia. We deliver ODM solutions that combine global manufacturing innovation with Saudi market requirements, focusing on durability, fast delivery, and premium design.

Compliance & Standards

All products are SASO certified, Civil Defense approved for fire rating, and compliant with Mostadam energy-efficiency standards.

Our Developer-Focused Process

- Consultation based on project location
- ODM customization (finishes, dimensions, smart hardware)
- Just-in-Time site delivery
- 10-year warranty against warping and humidity damage
- Civil Defense certified doors with fire resistance duration of 60, 90, or 120 minutes
- Sound Insulation: STC 35 (dB) | Thermal Transmittance: (UL) Certified.

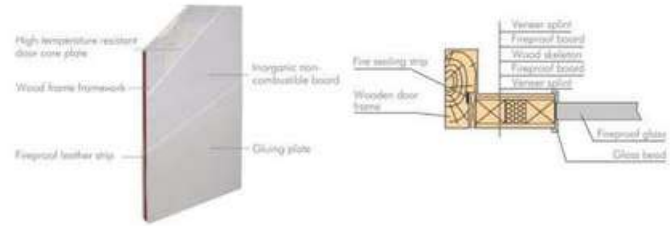
The difference between fire resistance time and door leaf thickness of wooden fire doors:

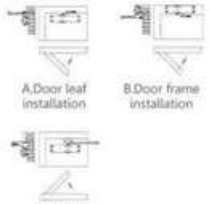
classification	Fire resistance time	Door leaf thickness
Class A	1.5h	50mm
Class B	1.0h	50mm
Class C	0.5h	50mm



Standard accessories

High-temperature resistant door core plate
Fire lock
Door closer
Fire (escape) door lock
High-temperature resistant door core plate
Fireproof concealed hinge
Sequencer
Fireproof open bolt
Inorganic non-combustible board
Fireproof door mirror

Installation diagram of door closer



A.Door leaf installation
B.Door frame installation
C.Parallel installation

For the main raw materials and hardware accessories of the fire doors listed above, the qualified supplier shall provide the product type inspection report with the inspection of the nationally recognized testing agency, and the product certificate, warranty, product use instructions and other information; All incoming materials and accessories shall be warehoused after inspection according to standards.
